ABOUT US

CHIC Textile & Metal Industry Foreign Trade Co Ltd. was established as a Turkish supplying company of labels, accessories and packaging in 2002. Due to our reliability in services and quality supply, very fast CHIC became one of the preferred global supplier for the textile sector in Turkey.

The reason of our success is an unconventional way of thinking; our company has a flexible structure that allows us to take fast decisions when our clients are in need of efficient solutions. At the same time we are very traditional and conventional when it comes to honoring our business agreements; our engagement towards our clients reaches further than a simple written contract.

Our clients' Image, Trust and Satisfaction are primordial to us. That is why we make sure that all the steps from raw supply till delivery of our finished goods, are taken according to the different standards set in place to protect the consumers, our workers, the environment and consequently the image of our clients.

Due to the success of our working concept through the years and the demands of our international clients; with minor investments and most importantly through our relying and long term partnerships we have extended our manufacturing and warehouses services to England, Tunisia, Holland, India and Hong Kong.

"Chic brings your inspiration to life"
